Ayurveda journey with Acharya ji begins with Marma Morning Walk called in Bhakti tradition as Suprabhat Pheri, which is the best symphony on the path of spiritual, mental and physical wellbeing. It infuses the mind with the divine energy that can only come from the Lord’s name in the age of Kali (Kaliyuga).

Health, Happiness and Harmony of Body, Mind and Soul is the ETERNAL MANTRA to ETERNAL HEALTH.

Vastu Vidya Samskara

"A wise person has the world as their teacher." (Ashtanga Hridaya - Vaghbata’s Heart of Medicine 6th CE)

Ayurveda is the most ancient system of Medicine known to the mankind. It emerged within the Vedic culture that arose on the foothills of Himalayas and further followed close to the banks of the great rivers of India. Ayurveda is based on the Vedic truths expounded by the ancient sages. Master Classes of Ayurveda MCA respectfully recognizes these sages as Vedic Masters, Acharya(s) and Vedic Scientists. The footpaths of these sages are followed in India, motherland of Ayurveda. Collectively known as AYUSH; Ayurveda, Yoga, Unani, Siddha and Homeopathy, these systems are widely accepted and practiced systems of Medicine in India. Simply the world has to or will follow sooner or later these systems of Medicine; it is just a matter of time. The only requisite is, the consciousness of Health, Food and Drugs Regulating Agencies in this part of the world which has to rise above the interest of multi-national pharmaceuticals and multi-national companies and awake to higher consciousness and safeguard the interest of ecology, all living beings and humankind to bring absolute health.

BHAGAWAN DHANAWANTRI divided the entire range of Ayurveda into eight divisions, the Ashtanga Ayurveda each division representing a speciality. These specialities are:

(i) Kaya Chikitsa (Internal Medicine)
(ii) Kaumara Bhrtya or Bala Chikitsa (Paediatrics)
(iii) Bhuta-Vidya or Graha Chikitsa (Psychiatry)
(iv) Shalakyatantra (Oto-Rhino-Laryngology & Ophthalmology)
(v) Shalyatantra (Surgery)
(vi) Visha Tantra (Toxicology)
(vii) Rasayana Tantra (Geriatrics and the science of rejuvenation and regenerative therapies)
(viii) Vajikarana Tantra (The science of aphrodisiacs, sterility, impotency and the promotion of virility)
Overview about MCA Bhakti Ayurveda Program

Perfection of Ayurveda is Bhakti Ayurveda, a pure wisdom that preaches to see body and mind as the temple of pure wisdom that preaches to see body and mind as the temple of individual being. Bhakti is described as an unconditional devotion of heart, body, and mind to please and serve Lord and through Lord your divine self, as God/Goddess are in you in other words you are God/Goddess.

In this 21st Century there have been diverse Ayurveda systems of learning in this stress driven mankind posed with complex challenges. The different approaches of teaching of this wonderful worldwide wisdom (www) of Ayurveda popularized in the world has yet to develop, teach and practice the perfection of Ayurveda in most of the Ayurvedic Studies Programs designed and conducted for Westerners in and outside India. The diverse programs share the same literary narrative (shabda-artha) but not the same emotional narrative (bhaava-artha).

Then Ayurveda in the institutional settings are like the modern re-tellings that are more structural less reverent, more judgemental and less enquiring. I do admit that I also studies in an institutional setting but soon I realised this was not what I wanted. My institution made me a Doctor while I was looking for the subtle spiritual aspects of Ayurveda. My journey continued to little villages (not so known) in India at different states, away from my home state, Delhi to far east, west, north and south and I found my Acharya(s), completed my education and still doing so as a respective student of my Acharya(s). I must admit that the institutional programs are designed and conducted by the best brains in India and the rest of the world, at least better brains than of mine. After serving mankind as an Ayurveda physician for 30 years my inner-voice says to me to spread the message of Ayurveda not only as Medicine but also in the true sense the knowledge of life as holistic and wholistic as received from my Acharya(s) and guides me to the lotus feet of Lord and to serve Ayurveda with Bhakti.

MCA initiates an effort to follow the footpaths of ‘Ayurvedic Sanatana Rishi Parampara’; the lineage of Ayurveda. ‘Acharya’ is the Master/ teacher, ‘Shishya’ is the disciple/ pupil/ student/ taught and ‘Parampara’ means lineage. This servant of servants (dason ka dasa) Naveen Kumar Gupta dedicates Bhakti Ayurveda in the service of Lord and to the world created by Lord. In MCA Bhakti Ayurveda Program, Acharya ji teaches directly the perfection of Ayurveda. Here one not only gathers the information but a vision and joy of life. With Bhakti Ayurveda one shall learn the authoritative statements ‘From Sutra & Samskara to Science’, which can be understood as scriptural evidences in the form of verses from Vedas, Upanishads, Puranas and Brihad-tryi – the three great Ayurveda compendiums and Laghu-tryi – the three small Ayurveda compendiums known as Samhita from revered Acharya(s) Charaka, Sushruta, Vagbhatta and so on.

With Acharya ji at times during the program you will chant Bhakti Ayurveda Sutra(s)/ Verses in Sanskrit, which are in two lines; the first line is composed by Acharya(s) - the Vedic Masters and the second line is composed by GOD’s speech which makes it a complete verse - Sutra. GOD inspired by GODDESS, who is Shakti, the power behind Lord’s speech chant those Sutra(s) from Universe to bless human beings and all living creatures; in sky, Nabha chara – the flying birds, on earth, Thala chara – the walking living
beings on on Bhu Devi/ Mother Earth, mountains and forest and in water Jala Chara – the aquatic lives in conscious lakes, rivers and ocean.

MCA Bhakti Ayurveda Program is for Ayurveda aspirants seeking for authentic, traditional and divine knowledge yet applying well-defined scientific parameters set by Vedic sages in day-to-day life. On one side it deepens your understanding of your own innermost core and deepest being by adapting to Bhakti Ayurveda into your day to day life and for a personal powerful experience that carries you away, and renews you from within. On other side Acharya ji will learn you to adapt the knowledge into your professional carrer as health practitioner, teacher, lecturer, author, diet-advisor, life style coach or devoted mentor by helping your existing and future clients for primary care and/or extended learning to self-healing, into their spiritual growth, adapting to core Human values and practicing ethics in business.

MCA Bhakti Ayurveda Program schedules on 3 Modules with abstracts & Dates:

Module 1 - Subject Theme – Karka evam Arbuda Roga – Cancer & Ayurveda - Scope of Ayurveda in integrative Oncology

Weekend 1: Saturday 26th and Sunday 27th September 2015
Weekend 2: Saturday 28th and Sunday 29th November 2015

Abstract
The term ‘cancer’ is not found in the 5,000-year-old Indian System of Medicine, which relies on natural substances and Satvika life-style for healing. But Ayurveda compendiums mentioned above address the clinical features, resembling cancer, with the names such as Charmakeela, Apachi, Gulma, Granthi, Raktagulma, Valmika and Arbuda.

Ayurveda prescribes numerous ways and means to overcome the chronic and incurable diseases and associated medical, psychological and social problems in a holistic way under the heading of Rasayana. The concept of rasayana is very applicable in preventing premature deaths due to cancers. This module focuses on understanding the cancer as regards to Ayurvedic Biology i.e., in terms of the theory of Dosha, Dhatu, Agni, Ama, Srotáámsi, and the generic sequence of events in the causation of a disease called as aetipathogenesis (Shatkriyakala) and its role in integrative care.

An integrative approach to oncology is emphasised to add a step on to the preventive and curative aspects of cancers that have resemblance with diverse Ayurvedic clinical entities mentioned above.

This module shall highlight Ayurveda way of aetio-pathogenesis and Srotasami Vikara (pathological evaluation of channels of circulation from Rasavaha Srotas - Lymphatic Channels to Shukravaha Srotas – Reproductive Channels in Men), also management as anti-oxidants, free radical scavenging along with a positive role of Ayurveda remedies as an adjuvant or co-therapy along with chemotherapy or radiation therapy or proton therapy etc.

The main objective of this module is highlighting the cancer in ayurveda, its diagnosis, prevention, treatment and research by looking back in the Sutra(s) in the compendiums by adopting prescribed Ayurveda regimens for strengthening of immunity, healthy lifestyle, diet, exercise and access to the Divine Consciousness within, through Satvika

beings on on Bhu Devi/ Mother Earth, mountains and forest and in water Jala Chara – the aquatic lives in conscious lakes, rivers and ocean.

Note: This module will not discuss Arbuda related to Artava vaha Srotas – Cancer related to Reproductive channels in Women, as this will be discussed in other module related to Women.

Module 2 - Subject Theme – Swastha Stri evam Stri Roga - Reproductive Health and Gynaecological disorders of Woman through Ayurveda

Weekend 1: Saturday 30th & Sunday 31st January 2016
Weekend 2: Saturday 26th & Sunday 27th March 2016

Abstract
Ayurveda has been widely recognized, as a system of natural health care congenial to the health needs of women. A woman in Ayurvedic teachings has been glorified as a mother of religion, culture, health and wealth of desire of the whole world.

A female has always embodied her highest esteem when she fulfils the simple, traditional role of "mother." This is because the feminine energy is the origin of all creations; she is the primeval force, Prakriti and Shakti; all that is divine and abundant. Ayurveda considers a woman to be the most important valuable jewel as the four fold objectives of life, progeny, happiness; all can be attained only through her.

Ayurveda way of life encourages woman to know her womanhood & express her feminine energy and power and giving her enough knowledge to use them on a day-by-day basis. While knowing & caring for herself in times of vulnerability she can maintain her individuality, energy, respect, power & health applying the Ayurvedic principles to her own individual situation.

This module will discuss Ayurveda way of aetio-pathogenesis and Srotasami Vikara (pathological evaluation of channels of circulation in Artavavaha Srotas – Reproductive Channels in Women), also throw light on different life phases of a woman seen from Ayurvedic perspective and will discuss the physiology of menstruation and menstruation related disorders such as pre-menstrual disorder, menopause etc.

This module will also discuss feminine sexuality, sub-fertility, infertility, pregnancy (Garbha) and month wise Ayurvedic care of expectant mother in entire pregnancy period and lactating period with care of breasts.

Ayurvedic diagnosis and management of Pelvic inflammatory diseases (PID) such as polycystic ovarian disease PCOD, endometriosis, myoma etc. will be discussed.

Module 3 - Subject Theme – Manas Vidya, Rasayana evam Vajikarna Chiktsa - Concept of Ayurvedic Psychiatry and Mental Health, Sexuality and Spirituality

Weekend 1: Saturday 28th & Sunday 29th May 2016
Weekend 2: Saturday 2nd & Sunday 3rd July 2016

Abstract
Manas Vidya is a system of Ayurveda, which aims at discovering the exact nature of the relationship between the emotions and bodily function, affirming the principle that the
mind and body are one. Ayurveda defines mental health as a state of mental, intellectual and spiritual wellbeing. Heart as well as brain is considered to be the locations of mind. Sensory and motor functions of mind are chiefly attributed to brain and psychological functions particularly the emotional aspects of psyche are attributed to the heart.

In this module we discuss Manovaha Srotas in detail and also various general Mental disorders viz. Depression, Fear, Lack of enthusiasm and happiness in day-to-day life, Anxiety, Chronic Fatigue, Lack of energy, Sleeplessness, Feeling of hollowness of mind etc. and specific Mental disorders viz. Obsessive disorders, Addictions, Alzheimer’s, Schizophrenia, ADHD etc.

An inclusive note from Acharya ji

These Modules has been designed to give you the required knowledge and skills to practice as an Ayurvedic doctor/ practitioner/ health professional on the three subjects as it encompasses a variety of pure Ayurvedic wisdom which as and when necessary includes short information, know how and practice of:

It is simple in its application yet powerful and effective unique, natural, holistic, health-giving series of therapeutic treatments that cleanse body’s deep tissues of toxins, open subtle channels, bring life-enhancing energy thereby increasing vitality, inner peace, confidence and well-being.

Very important remark before you commit for the program

Please note that the subject headings above are discussed in Scriptures and Ayurveda Samhita(s) as authentic texts in very detail, so please donot expect these lessons as exhaustive and structual Ayurveda programs, we cannot cover all the details of subjects in few hours in a year’s commitment. We donot supply any syllabus for the program. At times you may record (audio and video) to be circulated amongst the group for final editing in script work. As and when necessary Acharya ji will guide you to follow available writings (or text books) on Ayurveda in English or translated versions in your mother language as homework. And if you wish you might follow subsequent year/s to go further on different subject themes and later as per interests, dedication and devotion of MCA
Vidyarthi Varga (MCA students and participants).

Seeing my curiosity to know everything fast and exhaustive, my revered Acharya(s) used to mention, we need 7 human lives to learn Ayurveda. So learn Ayurveda therotically, practically and also by chanting its Sutra(s) again and again till you reach to perfection of Ayurveda Sutra evam Samskara. In this way your speech in the form of Sutra(s) are in Akasha (ether/sky) as Shabda (sound/speech) and these Sutra(s) will come back to you in your next life so you get whole wisdom from your infancy. The only thing you need to do when you leave this body you are in a state of joy with Lord Rama, with the last breath you say Lord’s name Govinda, Lord’s consort Radha Rani as Tulasi Devi/ Holy Basil leaves are on your lips and Holy Ganges water in your mouth.

Manas meh Ram, Shabda meh Govinda Naam! Mukh meh Ganga Jala, Hothon meh Tulsidali!!

About participation and other important details and remarks

If you want to participate, I kindly ask you to respond to phone to contact me (Acharya Naveen Gupta) by mailto: ayurveda108@gmail.com

For new MCA participants: Upon receipt MCA will provide you with recruitment reply form (rrf), which will need to be completed and returned to me by email. To enhance the value and quality of the modular trainings and to come to your expectations I would appreciate if you would write a motivation letter mentioning, why you are attracted to follow the trainings and what are your personal needs and expectations. On receiving your form and motivation letter and your expectations you shall be invited to have a face-to-face talk over a cup of Ayurvedic Chai in case when MCA can come close to your expectations,

One additional ego-less statement from MCA & Inclusive remarks

In India there are still millions of children (even young and adults) who only dream of
going to school. MCA is helping some of them to realise this dream. For every participant 10% of the fees MCA contributes to its rural development initiative that supports among other projects, primary education and adult literacy programs in (unprivileged) villages in India. And this part of total price will be donated in your and your loved one names, please let Acharya ji know if you choose this way. The other option is when you have some pure charity program in this life in your path then you may simply deduct 10% fees from above stated schedule of fees. For example if you would pay € 1728.- excl. VAT for attending whole sessions you deduct 10% and you pay to MCA € 1555, 20.- excl. VAT.

Inclusive remarks: The price includes Ayurvedic tea, snacks and mid-day Ayurvedic catering. When you wish to be involved in helping and/or bringing food to be shared by all of us, this gesture is heartily welcome. In this way by cooking/ helping/ preparing and having our drinks, snacks and meals altogether will emit pure signals and a pure Ayurvedic feeling of union of the group (Vidyarthi Varga) and by this way we come to know more about each other, teacher, organiser and knowing about each other’s interests and sharing to make it a unique class room experience known in Vedic times as Acharyakula.

Cancellations, Refunds and Disclaimer
Only committed and devoted students/ participants are welcome. Please note that the modules, lessons and practical sessions are meant to be for your own development of knowledge in eastern wisdom and meant to be for your own spiritual path and are only for academic purposes and should not be understood as replacement or research of regular system of medicine as established by law in European Union and Bhakti Ayurveda, Master Classes of Ayurveda and/or myself Naveen Kumar Gupta do not claim that the course is recognised by any academic or health regulating agency of Government or private or any recognised professional association in Belgium or EU.

Script writing and Certificate of attendance
You are supposed to write class notes, home work and later on compile your notes so that it takes a shape of script writing. Script can be written by a group of Vidyarthi Varga. That script will belong to you as author and Acharya ji. You will send a print and a digital copy of the script to cross check. Acharya ji’s inputs and remarks will be added to it. Certificates of attendance will be awarded after a successful written examination on the last date of sessions.

Sarve bhavantu sukhinah,

Ma kashchit dukh bhag bhavet!!

Na tvaham kameye rajayam, Na swargam na punarbhavam !  
Kamaye dukhtaptanaam, Praninaam arti nashnam !!

I don’t desire lordship over others, nor do I aspire for heavenly pleasures, nor do I pray to be released from the bondage of birth and death, my only ambition is to become an instrument of relieving the sufferings of those who are groaning under the scourge of one or the other form of disease.

This is the motive by which, practitioners of Ayurveda are perpetually guided.
